Dear Poornima

On behalf of the Leeds Enterprise Centre team, I would like to thank you for contributing to the University of Leeds MSc Enterprise, through the 'Global Perspectives on Enterprise' course which ran for the first time September-December 2013. When planning a module such as this, it is imperative to gain the participation of experts in the field. Your willingness to share your time and expertise in the area of Indian Enterprise and Entrepreneurship was critical to the success of this module. The module received excellent feedback from the students.

We were fortunate to have six international lectures as part of the course and, as agreed between the contributors, you are able to download and use the shared material with your own students should you wish:

Again, thank you for your generous support and involvement.

Yours sincerely,
